

## ANNUAL REPORT

2020-21

The mandatory e-learning has emerged as a method for current teaching and learning in schools due to COVID-19 pandemic.

The extracurricular activities help children build their skills outside of the classroom. In addition to building skills within a specific discipline, extracurricular activities are great for **developing general academic and soft skills**. Think debating for public speaking, academic competitions for exam strategies and sport for teamwork.

The school focuses not only on advanced academics but also on extra-curricular and co-curricular activities. Students are trained at a very young age towards incorporating a sense of responsibility, loyalty, team spirit, and healthy competition to become graceful and dignified personalities.

We at Greenfingers Global School organized special virtual assemblies that were fun, interactive and tailored to suit everyone's interests.

Greenfingers Global School Kharghar celebrated its first-ever virtual INVESTITURE CEREMONY on 22<sup>nd</sup> of October 2020 due to the physical closure of schools because of the pandemic. The ceremony opened up with the announcement of the portfolios of all the council members to the audience. Followed by the speech by the head boy and head girl of the previous academic year sharing their experiences.

We were then addressed by our Principal ma'am Mrs Anju VEDI reminding us about our duties and responsibilities as a council member followed by an oath that we all had to take. The newly elected Head boy and Head Girl addressed the elected council team and briefed them about their duties and also spoke about how the new normal has made things so different from what it was.

With the cooperation of both the teachers as well as the students, the ceremony went on smoothly and was overall a success. Even though being miles apart from each other, we remained united by our duties.

*“If your actions inspire others to dream more, learn more, do more and become more, you are a leader”*

**- John Quincy Adams**

School conducted various activities throughout the year

.Apart from the above activities school also conducted its first ever Science Exhibition, Annual day, Sports day and Yoga day on virtual platform. All the events conducted throughout the year were participated enthusiastically by all the students from pre-primary to Sen, secondary

Green Fingers Global School, Kharghar celebrated their first ever virtual **Annual Day celebration on 14<sup>th</sup> January 2021**. It was the 15<sup>th</sup> Annual Day of the School and was celebrated with the theme – “**AnandUtsav**” that also means, “Joyous celebration.” The students not only got the opportunity to showcase their hidden artistic talents but also to interact with fellow schoolmates which they had missed throughout the year.

The year 2020 has indeed been a roller coaster ride. A year without real on ground activities,a year full of missed opportunities but also one full of learning. The months that have gone by have been a journey that we possibly will never experience again in our lives. School is where our hearts are!! Our school, a hub of all the activities and a place where we

learn, moulds and shapes us. Day by day, nothing seemed to change, but a year later we are all completely different, never to return to our earlier self!

The programme started with a welcome song and awarding prizes to students who had excelled in their academics and co-curricular activities.

We then had our toddlers, who walked the ramp wearing different colours of the Rainbow! It was delightful to see such pure and adorable faces! We then had a beautiful Bharatanatyam dance performance by our juniors on “Alarippu – Blossoming of the flower” which is traditionally the first dance piece that Bharatanatyam dancers learn and perform. The virtual stage was set free for "Open Mic" for all the students to showcase their talents wherein students played instruments, sang songs, recited poems and danced on instrumental music.

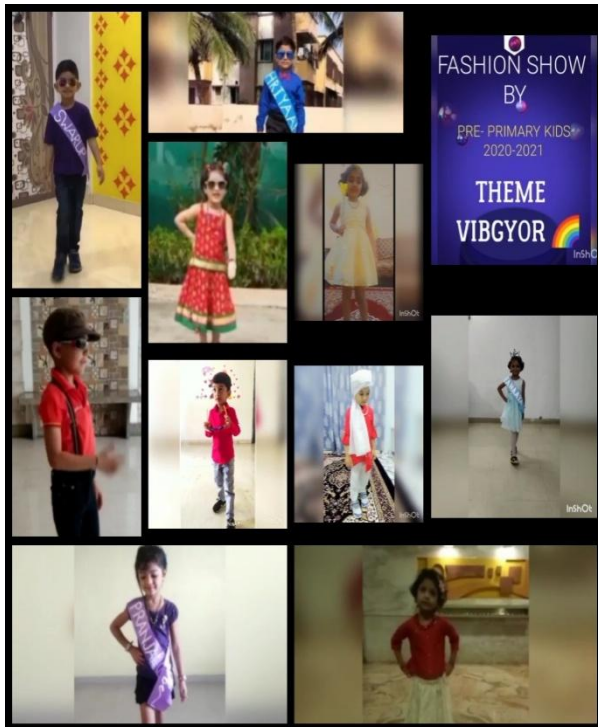

This was followed by the Hindi Play which was persuading as always! It was based on a beautiful play written by “Oscar Wilde – The Happy Prince.” The play taught us that we must help the poor and the needy and that the worst parts of modern society can be overpowered through love and charity. Another skilful event was the English play which was an enactment of the famous play “Christmas Carol by Charles Dickens”. It is a story of a ghost who takes the central character Scrooge on a journey through his past, present and future in the hope of transforming his bitterness. We learnt in that play that money doesn't automatically bring you happiness.

The function concluded with the speech by the Head Boy and the Head Girl, thanking everyone for their hard work, effort and enthusiasm that made this entire event possible! The National Anthem was played and with this note, we concluded yet another enjoyable Annual Day. The Annual day created memories that we will forever retain in our life till, of course the next one comes!

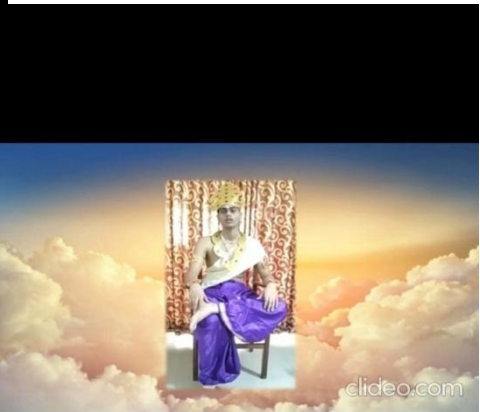

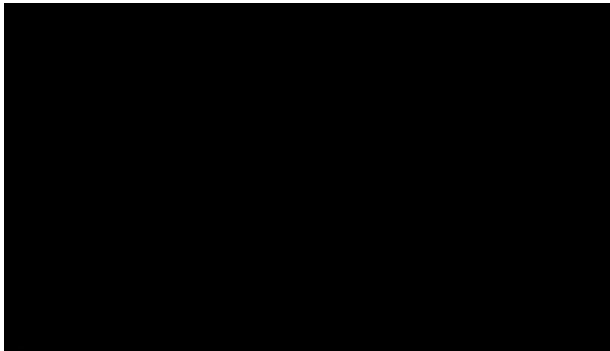

Experience and knowledge are some of the most powerful weapons.  
Student Enrichment Programmes are a regular feature at our campus.

- Secondary students participated in the SEWA activity -PPT related to current Pandemic situation were shared and discussed by students.
- Art Integration activities such as PPT, Graphic designing, Dance, Songs, film making, photography, Document making etc were conducted by all the subject teachers in order to increase knowledge of a general subject area while concurrently fostering a greater understanding and appreciation of the fine and performing arts organized by CBSE.
- Career counseling sessions were conducted for our students for guiding them to select their appropriate fields.
- Our students were guided by Pearl Academy about 'Entrepreneurship in the New Age World'.
- Our school also participated in the UNGCNI and Empower course for students on sustainable development goals.
- Animation workshop and Career guidance sessions were conducted by Dice School of Entertainment.
