April	Living and Non Living Things	Difference between Living and Non Living Things, Habitat	Paste or draw animals and their offsprings.	This activity involves making projects with an Art Integrated Learning approach
			Nature Walk	This activity involves Learning by doing with an Enquiry approach
June	Parts of Plants	Parts of plants- Roots, stem,flowers, seed, leaves and their functions	Make Ganesh ji, diff creatures using dried leaves	This activity involves Art Integrated Learning and Constructive Learning
			Collage using pulses, seeds, beans etc	This activity involves Context-Based Learning with an Art Integrated approach
		Types of roots	paste original dried Tap root/ Fibrous root	
July	Animals	Types of animals based on their eating habits	Draw Life cycle of hen, frog etc	This activity involves Peer Learning with Science text cards and Word Games Learning
		Food Chain, Growth and Reproduction	Picture of Herbivores, Carnivores, Omnivores, Frugivores	This activity involves Context-Based Learning with an Art Integrated approach
		Types of animals based on thier habitat		
Aug & Sep	Birds	Parts of a bird- feathers, beak,claws	Make a birds using Craft paper	This activity involves Peer Learning with Science text cards and Word Games Learning
		Nests, Migration	Collect different types of feathers,	This activity involves Context-Based Learning with an Art Integrated approach
	The Human Body	Human Body parts	Make human skeleton using ear buds / match sticks	This activity involves team work,learning by doing and Embodied Learning
		Skeletal System, Muscular System	Make human respiratory system using balloons etc	This activity involves team work,learning by doing and Embodied Learning
		Digestive System, Respiratory system		
		Circulatory system, Nervous system		
		Reproductive system, Excretory system		
October	Food	Different Nutrients	Make healthy food salad	This activity involves Reflexive learning,Adaptive Learning
November	The Universe and the Soilar System	Planets	Make charts or models of different planets with informations	This activity involves Hands on Learning with Constructive approach
		Satellite		This activity involves ,Enquiry Based and Context based Learning with visual clues which includes Astronomy .
		About Moon, Phases of Moon, etc		
		About Earth, Poles, Atmosphere,		
		Rotation, Day /Night		
		Revolution, Seasons		
December	Natural Resources	Rocks/ Soil	Nature Walk	This activity involves Peer Learning,Enquiry Learning with Collaborative approach
		Water		
		Plants		
January	Matters and its Properties	Mass and Volume	Experiments to show air has mass and volume	This is a fun loving activity involves Adaptive Learning with Experimental approach
		Solid, Liquid, Gas and their properties	Experiments to show Melting, evaporation , condensation, freezing of water	This activity involves Enquiry based Learning, Experimental Learning
		Conversion	Experiment to show Oxygen is important for combustion	This activity involves Demonstrative Learning,Hands on Learning with Reflexive approach
		Forces, charecteristics of force, types of forces		This activity involves Peer Learning,Enquiry Learning with Collaborative approach
February	Energy and Force	Energy, Types of energy	Experiment to show light travels in straight line.	This activity involves Adaptive Learning,Experimental Learning with Art Integrated approach
		Light, properties of light , Shadow and properties with experiment	Make Tabla using coconut shells.	This activity involves making projects with an Art Integrated Learning approach
		Sound, Music, Noise	Experiment to show sound produced by vibrations.	

GREENFINGERS GLOBAL SCHOOL, KHARGHAR
SPLIT-UP SYLLABUS FOR THE ACADEMIC YEAR 2023-24
STD.3 – EVS 2- THE WORLD AROUND US

Months	Topics to be covered Units/Sub-Units	Subject Enrichment Activities/ Inter Disciplinary Project	Pedagogical Methods
April	The Beginning of Time	(a) Make a family tree in scrap book and paste pictures of your family members	These activities involve hands on learning, collaborative learning art integration and map demonstration.
	(a) Explanation about timeline	(b) Make the tools used by early humans using soft clay	
	(b) Evolution of human being		
	(c) Life of early humans		
June	Maps and directions	(a) Make a Globe using a big ball and paste the cuttings of 7 continents from a world map	This activity involves map work, art integration.
	Difference between political & physical map	(b) Locate our country on a globe as well as on a world map	
July	Continents and Oceans	(a) Mark 5 oceans and 7 continents on world map and stick it in your scrap book	This activity involves map work, art integration.
